STEAMBOAT ROCK CITY COUNCIL - JUNE 29, 2020

The Steamboat Rock City Council met in special session June 29th, 2020, 6:30 p.m. with City Council in chambers and the availability via zoom due to CO-VID-19 restrictions. Present were Mayor Stearns and the following council members: Wren Hoffman, Corv Schurman and Kevin Pieters; absent: Adam Blackburn, Jackie Hagberg. Also present were Scott Williams, Carol Williams, Autumn Deemer and Renee Oltrogge.

Mayor Stearns called the meeting to order Pieters moved seconded by Schurman to approve the posted agenda. Motion carried unanimously. Absent: Blackburn and Hagberg. Autumn presented the council with a

request to hold the Pine Lake Motorcycle Show in downtown Steamboat Rock on July 25th from 10 am - 4 pm with anoth-

residential tubes. Hoffman requested to have a specific time limit. Pieters moved, seconded by Schurman to approve the application with the time of 9:30 pm -10:30 pm. Motion carried unanimously. Absent: Blackburn and Hagberg.

During comments from the public OItrogge presented a request for renewal of a cigarette permit for The Bock Stop Pieters moved, seconded by Wren to approve the permit. Motion carried unanimously Absent: Blackburn and Hagberg.

During comments from the public Pieters discussed a citizen was requested by the Mayor to remove the profanity from a sign on his property. Pieters and Schurman believe we don't have the right to do this since we do not have an ordinance about signs, this is a violation of freedom of speech and that the complaining citizen should have to ask their neighbor directly to remove the sign and not have olved Hoffm offensive and the city did the correct steps to have this removed and we should need a specific code. Schurman suggested he could say it is offensive when a citizen chooses to drink alcoholic beverages in their driveway and the city should not allow that either but he doesn't because he believes they are on their own property and city should not get involved. It was agreed that they would agree to disagree on this subject. During comments from the public Pieters advised a citizen is concerned about entrance to their homes regarding the proposed ordinance section 144.08 Building Maintenance stating - All wood including floorboards, subfloors, joists, bridging, roof rafters and sheathing, and all other wood in any interior or exterior floor, wall, roof, or other part of the structure, shall be maintained to be free of cracks affecting structural integrity, termite damage, infestation, or rot. Mayor Stearns requested everyone to review this prior to our next regular meeting and it will be discussed. Pieters moved to adjourn the meeting. Hoffman seconded. Motion carried unanimously. Absent: Blackburn and Hagberg. Meeting adjourned at 7:10 pm. /s/ Timothy A. Stearns, Mayor

BOARD OF SUPERVISORS MINUTES – MAY 22, 2020 FRIDAY - 10:30 A.M. COURTHOUSE LARGE CONFERENCE ROOM

Chair Lance Granzow called the meeting to order. The meeting was held electronically due to COVID-19 public nealth risks. Also in attendance were Supervisors BJ Hoffman and Reneé Mc-Clellan; and Taylor Roll, Darrell Meyer, Angela De La Riva. Jessica Sheridan. Bret Dublinske, Curt Groen, Lu Nelsen, Gene Newgaard, Justin Ites, Josh Odom, Mariah Lynne, Cody Smith, Kyle Day, Mark Buschkamp, Kristen Weaverling, Bette Dossman, Kerri Johannsen, Nick Boevink, Raihan Rashidi, Laura Cunningham, Jake Ketzner, Paige Penningroth, Jacob Bolson, Roger Sutton, Ellen Oliver, Isaac Knutson, Becca Junker, and Denise Smith.

The purpose of the meeting was to review public comments and the Zoning Commission's recommended amendment to Article XXIII of Ordinance No. 29.

County Attorney Darrell Meyer reviewed the timeline of the proposed ordinance amendment, from November 2019 to moratorium to present. Mever also shared maps of drainage districts and emergency towers, areas where wind turbine placement poses concerns.

Additions and changes to the original Article XXIII were reviewed and explained.

Discussion was held on the definition of dwelling unit. For clarification, McClellan suggested using a definition similar to that used for hog confinement applications. Granzow agreed.

Discussion was held on the definition of non-dwelling unit. Jessica Sheridan, Environmental Health Specialist/Zoning Administrator, suggested changing the definition to state "would require a buildng permit as per the current zoning ordinance." and Granzow concurred.

Meyer recommended adding a definition of setback to ensure all parties are in

Discussion was held on Section 4(2), Avoidance and Mitigation of Damages to Public Infrastructure. It was pointed out that the proposed ordinance amendment makes no mention of private tile under County roads for which the County is responsible. Meyer suggested adding a definition of public drainage system as public or private tile in the public right-ofway and public drainage infrastructure.

Discussion was held on Section 4(3) Discontinuation and Decommissioning. It was decided to leave the C-WECS and accessory facilities removal requirement at 6 feet below ground, as landowners can allow variances. It was also decided to make decommissioning a recordable event with depth of removal documented, adding to Section 6 of the ordinance amendment.

In Section 5. Procedures. Hoffman suggested amending Item 3 to state "The WECS applicant is responsible in notifying the following state, federal, and local agencies...;" moving local commissions listed in Item 4 to Item 3; and striking Item 4. In addition. Hoffman requested that the Iowa Department of Natural Resources be added to, and the Hardin County Firemen's Association and EMS Council be removed from, the list of agencies.

In Section 7, Fees, Meyer recom-mended adding "Fees shall be set by resolution," to which all Supervisors agreed. Reference to an attached fee schedule will be stricken.

Discussion was held on setback requirements for non-commercial WECS, C-WECS, and meteorological towers as detailed in Table 1. As the Pioneer Cemetery Commission can review and weigh in on applications, Meyer recommended striking the

setback for cemeteries. Hoffman and Mc-Clellan agreed. Attentions turned to the public rightof-way setback. County Engineer Taylor Roll suggested 1.2 X Total Height, at a minimum, or 2 X Total Height to conform

with the property line setback. Granzow
